

Testimonials

"I really like all the ornaments to pick from and how there are lots and lots of nice things to do to get my ornaments."

Michael B.

"I love the Christmas Tree of Kindness App because it's fun and I was encouraged to do kind acts for my parents. Now I do them all the time, even when it is not Christmas!"

Charlotte D.

"I love how the Christmas Tree of Kindness fosters the development of good values among children. It is a concrete manifestation of how kindness matters - whether within the family or externally to the community. It is never too early to learn and practice kindness!"

Riza J.

"My Grade 3 and 4 class (all 21 students) loved reporting to me the kind acts they did and choosing an ornament. We filled three trees during the pre-Christmas days at school and could have done more if we had more time. Some of the kids even picked up the CTOK app at home! It was a very positive experience for all of us."

Elizabeth S., Teacher

"This was created by a friend of mine. A GREAT way for families to do something together and bring some kindness to this crazy world."

Susan G.

Catholic and Nonprofit Communications Strategist

"I've been fortunate to read an advanced copy and I can tell you that every home with children should own this book. It is such a touching tale with a feel good message. This story will become a Christmas time favorite."

Linda W.
